PROFESSIONAL SUMMARY

Computer Science graduate with an MSc and a BSc in Computer Science and Engineering from Daffodil International University. Skilled in Python, SQL databases, data analysis, machine learning and web technologies (HTML, CSS, JavaScript). Completed two machine learning research projects and worked with AI/ML training data as a Data Annotator at Quantigo AI. Seeking a position where I can apply my technical, analytical and problem-solving skills and contribute to the long-term success of the organization.

PROFESSIONAL EXPERIENCE

Data Annotator | Quantigo AI | 06/2023 – 10/2023
• Labeled and categorized images for AI/ML training datasets using the Supervisely and Encord annotation platforms.

EDUCATION

MSc in Computer Science and Engineering (Major in Data Science) | 07/2024 – 01/2026
Daffodil International University, Dhaka, Bangladesh | CGPA: 3.70 out of 4.00

BSc in Computer Science and Engineering | 01/2019 – 01/2024
Daffodil International University, Dhaka, Bangladesh | CGPA: 3.80 out of 4.00

SKILLS

• **Programming Languages:** Python, C, JavaScript, SQL
• **Web Technologies:** HTML, CSS, Bootstrap
• **Databases:** MySQL, PostgreSQL, MongoDB
• **Data Science & Machine Learning:** NumPy, Pandas, Matplotlib, Seaborn, Data Preprocessing, Classification Models
• **Tools:** Git, GitHub, Supervisely, Encord
• **Soft Skills:** Leadership, Communication, Problem Solving, Technical Report Writing

PROJECTS

Detecting Cyberbullying Against Bangladeshi Sportsmen (MSc Thesis) | Report | GitHub
• Collected and curated a custom dataset of 21,272 Bangla sports-related Facebook comments for cyberbullying classification.
• Achieved 84.53% accuracy with the selected classification model.
• Developed an interactive application that classifies Bangla comments based on user input.

Machine Learning Methods for Predicting Chronic Kidney Disease (BSc Thesis) | Report
• Built and evaluated machine learning models in Python to predict Chronic Kidney Disease, achieving 99.16% accuracy.
• Performed data preprocessing, feature analysis, model development and performance evaluation; contributed to the research, coding and technical report writing.

Techolicbd.com Clone | Site | GitHub
• Rebuilt the target website in HTML and CSS, focusing on responsive design, clean code and performance optimization.

CERTIFICATIONS

• **Associate Data Analyst in Python | DataCamp:** Python, Pandas, NumPy, Matplotlib and Seaborn for data cleaning, preprocessing and data visualization.
• **Data Annotation | Quantigo AI:** Image and video annotation techniques for AI/ML dataset preparation and labeling.
• **Career Development | Wadhwani Foundation:** Career development, communication and workplace skills.

VOLUNTEER EXPERIENCE

Executive Member | DIU Computer and Programming Club (DIU CPC) | 01/2021 – 12/2021
Associate Member | DIU Computer and Programming Club (DIU CPC) | 01/2020 – 12/2020
• Promoted club activities and helped organize club events.

Volunteer | National Girls' Programming Contest | 2021
• Supported event operations and assisted participants.

LANGUAGES

English: Professional Working Proficiency | **Bangla:** Native
